## I. RICH BROTHERS AND COMPANY COMPLETE GREAT DEPARTMENT STORE

## METROPOLITAN In Character

Perfect in Design and Convenient in Every Detail.

ALL LATEST IMPROVEMENTS

A Real Department Store Built Especially for Handling Almost Everything—It is a Credit to Atlanta and the South.

Just as the giant oak sprung, with its epreading branches, from the thy acorn, so has the marmoth new department stors of M Rich & Property street from the small stors in which it made its beginning nearly half a century ago. Now under its great roof there is comfort, delight and happiness given to hundreds of em-

This department store, which is one of the largest and most complete in the south, is thoroughly metropolitan in fits make-up and management located on the spot where the name of with that of 'highest causily and closest price,' it seems to be a transplanted bit of Broadway or fablionable Fifth avenue rainer than the center of Affants' shopping district—

With its towering froat of white brick and it we wish and avereing win-brick and it we wish and we read to be a substitute of the substitute of convenience and affirmative extend femilier realizes that one past lies spacious and intuiting persuation or a substitute of convenience and affirmative extend from the substitute of convenience and affirmative extended from the substitute of convenience and affirmative from the substitute of the substitute

place in "Rich with get it imposing a milks from without so the same idea is carried out within. Through wide swinging plate glass doors the customers enter the building, which has revolutionized shopping in Atlanta and made what was most domanded by women a thing now most to be desired.

Upon entering the store a customer is met with a grand vigat of showspace set on green marble bases that 
axiend between two rows of high 
white colonial columns which give an

neckwar, parasols, etc.
Realising that light is the most essential detail in building a modern
department storo, the architects were
given the task of lighting a store,
which was set in the middle of a
blook. How well they succeeded a
